A SERIOUS CASUALTY ON BOARD

The Gunboats Building "for the Emperor of China."

The Government Catechised in the House of Lords.

A More Stringent Enforcement of the Foreign Enlistment Act Demanded.

THE CONFEDERATE LOAN AT A PREMIUM.

A Joint Note to Russia on Polish Affairs.

The Royal Mail steamer *Persia*, Capt. JUDKINS, which left Liverpool at 1 o'clock on the afternoon of the 11th, and Queenstown on the 12th inst., arrived here yesterday morning.

The new steamer *Anglia*, of the Galway line, had been making her official trial trips at Southampton, and steamed at the rate of 13¾ knots per hour.

England, France and Austria sent simultaneous dispatches to Russia on the 10th instant relative to Poland. The dispatches are friendly, but all of them convey an intelligible warning.

Russia exhibited active military preparations.

The English Government had been catechised in the House of Lords as to the gunboats being built in England for the Emperor of China.

The Liverpool Chamber of Commerce had called on the Government to make the Foreign Enlistment act more stringent.

The steamer *Alar* arrived at Plymouth on the 11th instant, and reports speaking the steamer *Japan*, *alias* the *Virginia*, on the 9th, and received from her seventeen men, two of whom were wounded from an explosion in her machinery on the 4th.

The *Japan* had been lying off the French coast for three days, and proceeded to sea on the 9th inst. She is said to have received a large supply of arms and ammunition.

The *Bethia Thayer*, arrived at Nantes from Callao, reported having been boarded on the 24th ult. by the Confederate steamer *Alabama*, and released on the master signing a bond for £30,000.

AMERICAN TOPICS IN ENGLAND.

THE LIVERPOOL CHAMBER OF COMMERCE ON THE ALABAMA.

At a special meeting of the Liverpool Chamber of Commerce, the following report was submitted from the Committee on the destruction of ships by the *Alabama*, and, after some debate, was adopted:

"This Committee having reconsidered the question referred to it, together with the letters subsequently received from the New-York Chamber of Commerce, begs leave to report that the building or equipping, in ports of this country, of such vessels as the *Alabama* manifestly contravenes the intention of the Foreign Enlistment act, entitled 'An act to prevent the enlisting and engagement of Her Majesty's subjects to serve in foreign service, and the fitting out or equipping in Her Majesty's dominions vessels for warlike purposes, without Her Majesty's license.' That the provisions of the said act, according to the statement of the Solicitor-General, are susceptible of being easily evaded, which appears to be confirmed by the fact of the *Alabama* having evaded them, notwithstanding that her destination was reasonably suspected, and that the attention of our Government was directed to her, while in course of construction, with the view of having the act put in force against her whenever sufficient legal evidence should appear for doing so; that this alleged inefficiency of the act tends to expose our professions of neutrality to the charge of insincerity, and to establish a precedent which may at some future time be turned with harassing effect against ourselves. That, in consideration of the above evils, this Committee is of opinion that the Liverpool Chamber of Commerce should memorialize Her Majesty's Government to endeavor, in concert with the Government of the United States, to make such alteration in the Foreign Enlistment acts of both countries as shall seem best calculated to prevent systematic evasion, and restrain the citizens of those States from contravening the earnest desire of their respective Governments to maintain, upon all occasions, a strictly neutral attitude toward friendly Powers who may happen to be belligerents; and that a copy of this report be transmitted to the New-York Chamber of Commerce."

It was reported in Liverpool that Government officials were making inquiries in that town in reference to the *Alabama*.

THE ALEXANDRA.

Although the "Broad Arrow," (the Government mark), was placed on the gunboat *Alexandre*, when she was seized, the men continued to work on her. On the 9th, however, a telegram was received from Government, ordering that the work should cease, and that nothing should be removed. An official immediately went on board and turned off the men.

A legal investigation is to take place immediately.

TWO MORE GUNBOATS.

It is stated that the Government had been in communication with Messrs. LAIRD, of Birkenhead, relative to two gunboats alleged to be building at their establishment for the Confederates. Messrs. LAIRD, in reply, formally assured the Government that they were being built for the Emperor of China.

THE JAPAN ALIAS VIRGINIA.

The steamer *Japan*, now called the *Virginia*, which sailed recently from the Clyde for a Southern port, had several guns on board. She is a splendid model and was built by DENNY BROTHERS, of Dumbarton.

THE BLOCKADE.

The London *Morning Post* remarks that the American blockade is the only efficient mode by which the North now carries on the war, but the maritime Powers may in time have to consider how long such a mode of warfare is to endure.

THE REBEL LOAN.

There was considerable activity in the Confederate Loan in London and Liverpool on the 10th, and it advanced to 1@1½ premium. The loan was also openly dealt in on the Paris Bourse, where it was quoted at 1@1¼ premium.

EMIGRATION OF OPERATIVES.

A meeting had been held at Manchester to organize measures for assisting the unemployed operatives to emigrate. An influential Committee was appointed and a subscription was set on foot to carry out the movement.

CONVOYING BRITISH VESSELS.

The London *Shipping Gazette* refers to a British merchantman being convoyed from Barbados by one of Her Majesty's ships, and remarks: "If our cruisers on the West India Station only receive general instructions to convoy all British vessels engaged in legitimate trade, wherever such protection is required and sought, we shall soon hear no more of the seizures and detentions which have of late occupied so much attention." The *Shipping Gazette* learns that it is the intention of the French Government to protect the French shipping in the same manner.

FRANCE.

The *Times* Paris correspondent, in describing the presentation of the newly elected member of the French Academy, M. FEUILLET, to the Emperor, observes, from what his Majesty said about his literary studies, it is clear that he seriously entertains the idea of offering himself, either before or after the completion of his work on CÆSAR, as candidate to the Academy.

The monthly returns of the Bank of France show an increase in the cash on hand of nearly thirty-three millions of francs, and a decrease in the bills discounted of eighteen millions. Rentes closed on the 10th at 69.85.

POLAND.

IMPORTANT DIPLOMATIC ACTION.

The London *Times* announces that dispatches for St. Petersburgh were sent on the 10th from London, Paris and Vienna, with instructions to the representatives of Great Britain, France and Austria at that city to read these dispatches to Prince GORTSCHAKOFF, and to deliver copies of them.

They are couched in friendly terms, but all convey an intelligible warning to the Russian Government. The Russian Government, on their side, have sent Gen. BERG to Warsaw, to supersede the Grand Duke CONSTANTINE. Vigor, without cruelty, is said to be the spirit of his instructions. The *Times* adds that the Polish rebellion appears to gather strength and resources from despair, and fresh confidence at the very moment when cold calculations, based on the ordinary events of ordinary wars, would have led us to suppose that nothing remained but abject and complete submission.

The *Times* has hopes of amelioration in the policy of Russia toward Poland, owing to the internal condition of the Russian Empire.

A Vienna dispatch of April 10 says:

"The Emperor NAPOLEON has asked the Government of Turin whether, in case of certain eventualities, Italy would be prepared to act as an armed ally with 60,000 men in the field. Gen. CIALDINI has answered in the affirmative, declaring that he would pledge himself to be ready with the requisite force at the shortest notice."

A Cracow telegram, of April 9, says:

"Gen. BERG has arrived in Warsaw, and was received by the officers of the army. The General, in the name of the Emperor, thanked the army for their fidelity and courage.

It is probable that the Grand Duke CONSTANTINE and Count WIELOPSKI will leave Warsaw.

The insurrection is spreading in Lithuania. The peasants are burning the Schismatic churches.

Rumors are current that the guards from Tzarskoe Lelo are on the march to Lithuania.

The bands of insurgents under CZISKOWSKY and OXENSKY are augmenting.

The insurrectionary forces in the district of Kalesch have been largely increased.

M. BENTKOWSKI, a member of the Prussian Parliament, and late Chief of LANGIEWICZ's Staff, was arrested here this afternoon."

RUSSIA.

The *Nord Deutsche Zeitung*, of Berlin, publishes a telegram from Paris announcing that intelligence had been received that the entire Russian army is about to be placed on a war footing.

The same telegram asserts that Baron DE BUDBERG, the Russian Ambassador in Paris, was informed by his Government that the increase of the army had become necessary on account of former reduction, and that Cronstadt has also been placed in a state of defence. Neither of these measures have, however, been taken with any aggressive tendency.

Another telegram says the Russian armaments would appear to be directed against Sweden, and affirms that a quarrel is imminent between the two countries.

OPERATIONS ON THE MISSISSIPPI.

The Passage of the Rebel Batteries at Vicksburgh.

An Official Account of the Operations of Admiral Farragut.

CINCINNATI, Wednesday, April 22.

A special dispatch from Memphis to the Cincinnati *Gazette* gives the following particulars of the passage of the Vicksburgh batteries:

Seven gunboats, one ram, (the one taken from the rebels,) and three transports, started on Thursday last to run the blockade.

All went well until about two-thirds of the way down, when the hills back of Vicksburgh were lit up with large fires.

The transport *Forest Queen* at once returned. The *Henry Clay* was compelled to stop. Several shots struck her below the water-line, and others passed through her. All hands made for a flatboat, as the boat was sinking. It is believed that all were lost. The pilot floated down the river nine miles on a plank, and was picked up opposite Warrenton.

The *Forest Queen* was considerably damaged and had her steam drum shot away.

At last accounts heavy firing was heard in the vicinity of Warrenton, supposed to be the gunboats shelling the batteries at that point.

There are eleven gunboats below Vicksburgh now, including three under FARRAGUT.

THE MOVEMENTS OF ADMIRAL FARRAGUT.

WASHINGTON, Wednesday, April 22.

The Navy Department has received the following official dispatch, dated United States steam-sloop *Pensacola*, off New-Orleans, April 13:

"On the morning of the 27th ult., at about daybreak, Admiral FARRAGUT, in the *Hartford*, engaged the batteries at Warrenton, three miles below Vicksburgh, and passed below it.

On the morning of the 29th ult., before daylight, the *Albatross* having taken in a full supply of provisions from a barge, which had been floated down the previous morning by Admiral PORTER, also passed the Warrenton battery and anchored near the flag-ship.

It was blowing quite heavily from the north on the morning of the 29th. About 1 A. M., the wharf-boat *Vicksburgh* having broken adrift from her moorings at the city, floated down and ran ashore opposite to where the *Hartford* and *Albatross* were anchored.

During the day an officer was sent on board of the *Vicksburgh*, who found that all her machinery had been removed. She had nothing on board save four muskets and accoutrements, which probably belonged to the guard.

While the Admiral was hesitating as to the propriety of retaining her as a wharf-boat, or rather depot, the rebels came down and on the night of the 30th burnt her.

The *Switzerland*, *Hartford* and *Albatross* being all filled up with coal and provisions floated down by Gen. GRANT and Admiral PORTER in barges, and the damages to the *Switzerland* being fully repaired, the vessels passed Warrenton on the morning of the 31st ult., and at daylight the little squadron got underway and proceeded down the river to a Mr. TURNER's plantation, where, on our passage, we had seen the wreck of the *Indianola*. We found no traces of the wreck, but learned that it had slid off into deep water during the late gale.

We anchored at this place, and remained until about 6.30 P. M., when we got under way, proceeded down and engaged the battery at Grand Gulf.

This battery consisted of some two or three heavy guns sent down from Vicksburgh. One of these guns was mounted upon a steamer which had been concealed up the Big Black River.

The enemy had also a light field battery. They struck the *Switzerland* twice, doing no damage, however. The *Albatross* was not struck at all. The *Hartford* was struck only once; but this shot struck an iron hammock stancheon, and threw a fragment of it forward nearly half the length of the ship, and killed a man named JONES, a landsman. This was the only casualty.

We passed this battery in about fifteen minutes, and anchored below Grand Gulf for the night.

At daylight, on the 1st inst., we got under way, and proceeded to the mouth of Red River, where we anchored about sundown, destroying, in our passage down, a large number of skiffs and flat-boats.

We remained blockading Red River, at its mouth, until the morning of the 6th instant, when we got under way at about 4½ A. M., and proceeded down to Bayou Sara, where we stopped, seized upon and threw into the river about 10,000 sacks of corn, and then proceeded on our way to Port Hudson, where we anchored about five miles above the batteries, at 3 P. M. on the 6th inst.

On the evening of the 7th inst., at 8¼ o'clock, the writer of this communication, the Secretary of the Rear-Admiral, left the *Hartford* and boarded the *Richmond*, off Baton Rouge, about 2 A. M. on the 8th instant.

The health of the squadron above is good."

Flag of truce boat *State of Maine* left this A. M. for City Point, with about 600 paroled rebel prisoners, including the 200 captured on Sunday night with the rebel battery on the Nansemond. Capt. CHARLES E. MULFORD is in charge of the boat.

Two rebel deserters are upon the *Minnesota*. They state they belonged to the *Merrimac No. 2*; that they had recently left her lying at the obstructions near Fort Darling, on the James River, and when they left a large number of workmen were engaged removing the obstructions from the river at that point—for what purpose is not stated.

The steamer *Carrie Martin* arrived at Fortress Monroe at 1 o'clock this forenoon with Gen. HALLECK, where he was joined by Major-Gen. DIX, and they both proceeded on the way to Suffolk.

The skirmishing on the Nansemond ceased yesterday about noon, and has not been renewed to-day.

IMPORTANT FROM ALBANY

Passage of the Broadway Railroad Bill in the Assembly.

A Section in it Repealing a Portion of the Harlem Railroad Charter.

A Curious Scene in a Police Court—An Unfounded Report Regarding Speaker Callicot, &c.

From Our Own Correspondent.

ALBANY, Wednesday, April 22, 1863.

The Broadway bill being the special order in the House yesterday, 4 P. M., the Assembly Chamber became the peculiar theatre of interest and excitement. The vote of the morning creating the special order, indicated that the supporters of the bill were in the majority, and it was supposed, therefore, that it would go to a third reading at that sitting. But this proved to be a mistake. The opponents of the bill presented a firm, solid front, and it was not long before it became apparent that they were prepared to contest it section by section, line by line. In comparison, the contest in the Senate was of mild character. There was more determination, as well as bitterness of feeling, and the friends of the measure were not long in learning that success could not be obtained short of preserving the best of discipline and the most unwearied persistence.

Mr. DEPEW moved to substitute for the corporators named, Mr. STEWART and his associates, provided that within twenty days they give bonds to pay $2,000,000 for the franchise and build the road—the money to be invested for the benefit of our soldiers and their families. In case the bond is not given, then the Law stage corporators to take the franchise.

This was rejected—46 Yeas to 58 Nays.

Mr. LESLIE offered an amendment, constituting the Mayor, Comptroller and Corporation Counsel a Board of Commissioners, to expose for sale the franchise to the highest bidder, which was rejected—Yeas 46, Nays 58.

Mr. DEPEW proposed to insert the names of E. D. MORGAN and ROYAL PHELPS, as Trustees for the Stage Proprietors, whose lines run down Broadway or through other streets and avenues mentioned in the bill, and who are not represented therein.

Mr. MURPHY proposed to add the name of HORATIO SEYMOUR as a Commissioner, and Mr. DEPEW accepted the same.

This was carried by a decided vote, and without a division.

Mr. HUTCHINGS proposed an amendment, empowering the corporators, as an association, to lay down and operate the proposed road. To this Mr. J. S. HAVENS proposed to add "whenever they have obtained the consent of two-thirds of the property-owners along the line." This giving rise to debate on a question of order, Mr. H. withdrew the amendment, when Mr. WEAVER renewed it. It was lost—32 to 49. The amendment of Mr. HUTCHINGS was then adopted—53 to 30.

Mr. FREEMAN proposed to add the name of THOMAS MCLELLAND.

At this stage of the proceedings, Mr. FREAN (friend of the bill) moved that the Committee rise and report progress, which motion was carried, and the Committee rose.

A motion was then made to adjourn, which was lost—Nays 48, Yeas 61.

Mr. CHURCH moved that the Committee of the Whole be discharged from the further consideration of the bill, and that the same be referred to a Select Committee, to report complete at any time, and moved the previous question. Before it was ordered, Mr. OSWALD moved to adjourn, and demanded the yeas and nays.

The motion to adjourn was lost—Yeas 40, Nays 66. The yeas and nays were then demanded on ordering the previous question, and while the yeas and nays were being called, Mr. WEAVER raised to the point of order that the 40th rule says that no bill shall be referred to a Select Committee to report complete. This point of order was decided to be well taken, and the whole of Mr. CHURCH's motion fell to the ground. Mr. WEAVER then moved to adjourn, and the question was taken by yeas and nays, and lost, 43 to 69.

Mr. FISHER then moved that the Committee of the Whole be discharged from the further consideration of the bill, that it be recommitted to the Standing Committee on Railroads, with power to report complete and at any time, and on this motion he demanded the previous question. On the question of ordering the previous question the yeas and nays were demanded, and it was decided in the affirmative—Yeas 66, Nays 43. The question then recurred on the motion of Mr. FISHER on, which the yeas and nays were taken, and it was carried—Yeas 63, Nays 43.

And the House adjourned, it being half an hour before midnight.

While these proceedings were taking place, the opposition to the bill (in the lobby) were busy in making a flank movement of an unexpected and novel character. About 9 o'clock, an officer of the City Police Court appeared in the lobby with a large number of subpœnas addressed to members of the House and gentlemen of the lobby, from which it appeared proceedings of some sort had been commenced in that Court against Speaker CALLICOT, the precise character of which seemed to be known to no one.

Up to midnight an intense excitement prevailed, and the officer in question continued his search for those whose whereabouts could not be ascertained. It was finally concluded on all hands, that the proceedings were nothing more or less than a strategic movement, having reference solely to the Broadway bill—a bombshell thrown at random, with no expectation of hitting any one in particular, but in the hope that the explosion might cause a stampede, and possibly some more serious consequences.

Among those subpœnaed were George Law, Peter B. Sweeney, Hugh J. Hastings, A. Van Vechten, beside other gentlemen, well known in connection with legislation.

At the hour of 10 this morning, at which time the subpœnaes required the gentlemen to whom they were addressed, to be present, the Police Court, which is over the Fish Market, and therefore perfectly redolent of a very villainous smell, was illuminated by the presence of Mr. LAW, and several others.

Mr. Justice JOHN O. COLE, of ancient memory, retired to a side room, where others interested in the proceedings were requested to retire. Ex-District-Attorney SHAFER, J. J. WERNER and WM. J. HADLEY were there. In reply to inquiries, Mr. COLE said that an affidavit had been made, but by whom or to what import he declined to disclose. The proceedings were preliminary, and might amount to nothing—the sole purpose being to ascertain whether process should issue. At present, there was nothing for the public eye or ear, and he refused utterly to give any public consequence to the proceedings. They might amount to something or nothing.

Mr. LAW was thereupon taken into a small private room with the Justice and the two aforesaid lawyers, where they remained two hours.

It is understood that the examination related wholly to whether Mr. LAW had used money to influence legislation. I understand that nothing was elicited satisfactory to those at the bottom of the proceedings, the upshot of the testimony of Mr. LAW being that he has paid nothing directly or indirectly to influence legislation.

Thereupon the Court adjourned, and the other witnesses informed that if they were wanted they would be sent for. I presume this is the last of the plot—for it can scarcely be considered anything else—a secret inquisition without parallel.

I see that the Associated Press and other correspondents sent forward the cruelly false report that Mr. Speaker CALLICOT was charged with felony, and that to it these proceedings related. Now the fact is, Mr. CALLICOT has been served with no paper or process whatever, and that he knows nothing of the proceedings. The report appears to have no foundation in truth. I am free to acquit the Associated Press reporter of any unworthy motive in the case; he probably acted on misinformation.

THE WAR IN TENNESSEE.

Fighting near Memphis—The Rebels Twice Defeated and Driven Across the Coldwater.

CHICAGO, Wednesday, April 22.

A special dispatch from Memphis, dated April 21, says:

"On Saturday evening, three regiments of infantry and one of cavalry left Memphis, on a reconnoitering expedition. When near Noncena, the cavalry came upon a detachment of BLYTHE's rebel cavalry. A fight ensued, resulting in the repulse of the rebels.

The next morning the cavalry again attacked the rebels, killing twenty, wounding forty, and capturing eighty. The rebels fled in great confusion across the Coldwater.

After crossing, the latter received reinforcements, and the Federals fell back to Hernando. The rebels were so severely handled that they did not attempt to follow.

At Hernando we were reinforced by infantry and artillery, under Col. BRYANT, who moved to the Coldwater and attacked the rebels on the opposite side of that river. The fight lasted until sundown, and was confined chiefly to the infantry, as the artillery could not be successfully used as desired.

Our loss is five killed and fifteen wounded.

Col. BRYANT holds a strong position.

The Peterhoff's Mails Delivered up.

UNITED STATES DISTRICT COURT—APRIL 22.

Judge BETTS this morning rendered an oral decision on the motion of the United States District-Attorney to deliver over the mail of the *Peterhoff* to him, to be given to the British Consul. The question upon which the decision turned was simply as to the power of the District-Attorney in the suit, and the rights of the captors in it. The Judge discussed at some length the practice of Prize Courts, showing that the District-Attorney had full control of the matter, and could lay evidence before the Court or withhold it in his discretion. He did not decide whether this mail-bag was, by the rules of the prize law, subject to search and examination, but said that his impression was strong that it must be considered to be a part of the evidence in the cause, and as the District-Attorney desired to withdraw it from the Court, his motion must be granted. The following is the order directed to be entered, which embraces the point of the decision.

"On filing proofs, the Attorney of the United States moved the Court that he have leave to withdraw from the custody of the Court a mail-bag of the British Government, captured at sea by a vessel-of-war of the United States with the above vessel, and on board of her for transmission from the port of London, England, to Matamoras, Mexico.

And Mr. Upton, of counsel for the captors, having been heard in opposition to the motion, it is considered by the Court that the United States Attorney is by law officially master of suits prosecuted by the United States in the Prize Court, and has thereby authority at his discretion to offer to or withhold from the consideration of the Court any particular of testimony relative to a prize suit in prosecution in Court under his discretion.

Wherefore it is ordered that the aforesaid mail bag be delivered to the United States Attorney out of the custody of the Court, to be by him disposed of conformably to the instructions of the Government of the United States."

LATE NEWS FROM MEXICO.

The French Reports of Operations at Puebla.

Comonfort Said to be Defeated---Failure of a Sally Made by Ortega.

A Rumor in Havana of a French Defeat.

From Our Own Correspondent.

HAVANA, Saturday, April 18, 1863.

The report of which I made mention in my last, that Gen. COMONFORT had suffered a defeat at the hands of the French, is repeated. The French war steamer *Berthelot*, which arrived here from Vera Cruz on the 12th inst., brings the news that Gen. COMONFORT was marching toward Puebla to assist Gen. ORTEGA, when he was defeated by the French Gen. BERTHIER.

Gen. ORTEGA is said to have sent a flag of truce to Gen. FOREY, offering to capitulate on certain conditions. The French Commander-in-Chief refused to consent to any capitulation, demanding an unconditional surrender.

The Corporation of Puebla (so runs the account) sent a deputation to Gen. FOREY to ask of him not to destroy the city, and another of ladies presented itself with the same object. It is said that the French General *promised not to fire a single cannon against the place as he had means more than sufficient to compel the garrison to surrender.*

Gen. ORTEGA, it is further said, made a sally at the head of 15,000 men to force a way in the direction of the capital, but he met with such powerful obstacles that he had to shut himself up again in the city. He suffered considerable loss.

So great was the abundance of provisions at Vera Cruz for the French army, that they were sold to private individuals at prices comparatively low. Several transports were taking them back to France in large quantities.

A report was current here in Havana yesterday that the French had suffered a defeat; but I have not been able to traiceit to any reliable source. I give it only as a rumor.

The counter guerrilla regiment which was raised about Vera Cruz in the French interest is very harshly spoken of. The person who raised the regiment, a Swiss named STEKLING, has been superseded by a French Colonel, DUPIN, who has been levying black mail upon the defenceless inhabitants of the places he occupied, so as at last to be rebuked even by the French authorities at Vera Cruz for his conduct.

The French man-of-war *Turenne*, which left Vera Cruz on the 11th, also arrived here yesterday, but of course brings no news of a later date. The French accounts, of course, agree with the intelligence given above.

All the reinforcements which, during the end of March, arrived from France at Vera Cruz, had gone on to Orizaba, where, it appears, they would be quartered for some time.

The sanitary condition of Vera Cruz was tolerably good, and up to the departure of the *Turenne* there had occured only a few cases of yellow fever.

Papers from Merida, Yucatan, have arrived here to the 27th ult. The Indians continued committing depredations in the east, and burning houses. A part of the army of operation had left to punish the savages. The Legislature of Yucatan had passed a law that all the male inhabitants of the State, from 17 to 60, should pay a monthly capitation tax of one real, there being excepted those who were unable to work, the natives who had obtained the title of Hidalgo, those who might happen to be in the army, during the time they were employed and for a month after, and the places that were already excepted by a special decree.

LARA.

OBSEQUIES OF LIEUT.-COL. E. A. KIMBALL

Imposing Ceremonies.

The funeral ceremonies of the late gallant officer, Lieut.-Col. EDGAR ADDISON KIMBALL, were solemnized in this City yesterday. The remains were brought here Monday night, and, from that time to the hour of 2 P. M. yesterday, lay in state in the Governor's Room at the City Hall. An opportunity having been afforded friends and citizens to take a final look of the lifeless form of him whose name and praise had been upon the lips of untold numbers, a vast concourse of people of both sexes and of all ages sought admittance to the chamber to manifest their sympathy with those who had a closer claim to the warm heart and noble attributes that marked his character. Yesterday, the entrance to the Governor's Room was thrown open to visitors, at 10 A. M., and closed at 2 P. M. During that time, the vestibule and staircases of the City Hall was crowded with those anxious to approach the remains. This was accomplished by passing in single column through one entrance, and retiring by way of another. The coffin was of rich rosewood, profusely studded with silver nails, and bore upon each side three massive silver handles. It was placed in the centre of the middle apartment, an American flag being thrown over the lid, upon which were spread wreaths and bouquets of violets, orange-buds, camelias and other delicate flowers. Pending from one beautiful cluster were the words "Our loss," and from another "We mourn," which had been worked on white satin by a fair hand and offered as a tribute of affection. The sword, belt and cap of the deceased also lay upon the coffin. The plate bore the following inscription:

"Col. EDGAR A. KIMBALL,
Ninth New-York Volunteers, H. Z.,
Died at Suffolk, Va., April 12, 1863,
Aged 40 years, 10 months and 9 days."

At 3 P. M., the arrangements for forming the procession having been completed, the coffin was borne from the Governor's Room to the hearse by a file of the Ninth New-York Volunteer regiment. A file of the same regiment was also drawn up in two lines in front of the City Hall, between which those bearing the coffin and the pall-bearers passed. Notwithstanding the large concourse that occupied the steps and covered the open space in front of the Hall, the arrangements for carrying out the ceremonies, which were under the supervision of the sexton, Mr. W. CARROLL, were admirably executed. A strong force of policemen, under the direction of Capt. THORN, of the 26th Precinct, was on the ground, and rendered efficient service in keeping the crowd from interfering with the procession. Prior to the coffin being taken from the Hall, the military escort entered the Park, and formed in line, and as the coffin was being placed in the hearse presented arms. A salvo of twenty-one guns was fired from a battery at the lower end of the Park, and the procession moved in the following order:

Battalion of Policemen under Capt. Mills.
First regiment N. Y. N. G., (cavalry,) Lieut.-Col. Minton commanding.
Sixty-ninth regiment, Major Bagley commanding, with arms reversed.
Seventy-first regiment, Col. Trafford commanding, with arms reversed.
Volunteer Officers.
Hearse containing the body, drawn by six horses draped in mourning, flanked by the pall-bearers and Cols. Roome, Varian, Maidhoff, Ward, Mason, Lieut.-Cols. Grant and Burke.
Relatives and friends in carriages.
Officers of the First Division N. Y. N. G.
Detachment of the original Hawkins' Zouaves.
Detachment of the Second battalion Hawkins' Zouaves.
The Mayor and Common Council in Carriages.
Citizens in Carriages.

The route of procession was out of the west gate of the Park, and through Broadway, Park-row, Chatham-street and the Bowery to Bond-street, through Bond-street to Broadway, and thence down Broadway to the South Ferry. Upon public and private buildings flags were displayed at half mast. The remains were taken to Greenwood Cemetery, and will be kept in the Receiving Vault until the regiment to which Col. KIMBALL was attached shall have reached this City, they having requested that the burial shall be postponed till that time.

Return of the Eighth Regiment.

ALBANY, Wednesday, April 22.

The Eighth regiment, State Volunteers, (a two years' regiment,) will be mustered out of the service to-morrow, and will take the steamer at Aquia Creek for New-York on Friday.

To the Mayor, Aldermen and Commonalty of the City of New-York:

The New-York and Harlem Railroad Company apply for permission to extend their railroad from their Fourth-avenue track, near the point of its intersection with Fifteenth-street southerly through Broadway, by double track, to the foot of Whitehall-street, connecting at Park-row with their present track—with liberty to extend a single track around Bowling-green and through State-street to the foot of Whitehall-street, with the switches and turn-outs necessary for the convenient transaction of the business; and also to extend their railroad, with double track, from Fourth-avenue through Twenty-third-street to Madison-avenue, and thence up Madison-avenue to Eighty-sixth-street.

NEW-YORK, March 4, 1863.

[L. S.] W. H. EMERSON,
Secretary N. Y. & H. Railroad Company.

A RESOLUTION PERMITTING THE NEW-YORK AND HARLEM RAILROAD COMPANY TO EXTEND THEIR RAILROAD THROUGH CERTAIN STREETS IN THE CITY OF NEW-YORK.

Whereas, The Legislature of the State of New-York did, by an act passed April 6, 1852, and entitled an act to amend an act entitled an act to incorporate the New-York and Harlem Railroad Company, passed 25th of "April, 1832," authorize and empower the New-York and Harlem Railroad Company to extend their railroad through such streets in the City of New-York as the Mayor, Aldermen and Commonalty of the City may from time to time permit:

And, whereas, it has become necessary for the convenience of the public, that railroad cars propelled by horse power should be run in Broadway, to and from Union-square and the South and Fulton ferries; and, whereas, the New-York and Harlem Railroad Company have offered to extend their railroad in such manner as to afford to the public the requisite accommodation, and have also proposed to pay into the Treasury of the City, for the relief of the citizens from taxation, ten per cent. of the gross receipts received by them for all travel on the extensions of their railroad below Union-square hereinafter authorized. Now, therefore, the Mayor, Aldermen and Commonalty of the City of New-York, in Common Council convened, do resolve as follows:

I. Permission is hereby granted to the New-York and Harlem Railroad Company, and they are hereby required to extend their railroad, and to construct a double track of rails from their present Fourth-avenue track, between Seventeenth and Fifteenth streets, through Broadway, to the foot of Whitehall-street, with liberty to extend and construct an additional single track around Bowling Green and through State-street to the foot of Whitehall-street, and also an additional single track around Union-square; and also with permission to extend and construct a single track from the track in Broadway, through John street, to Burling-slip, thence through Burling-slip, to South-street, thence through South-street, to Fulton street, and thence through Fulton-street, to the main track in Broadway: with the necessary switches and turnouts for the convenient transaction of the business, and to place cars thereon adapted to the convenience and comfort of passengers, and to run the same as often as the public convenience may require.

II. Permission is also granted to the New-York and Harlem Railroad Company, and they are hereby required to extend their railroad and to construct a double track, with the necessary switches and turnouts from their present track in Fourth-avenue, through Twenty-third-street to Madison-avenue, and thence through Madison-avenue, as far as Madison-avenue is or may from time to time, be opened, with permission to extend and construct a single or double track from their track on Fourth-avenue, through Twenty-fourth-street to Madison-avenue, and to place and run their small cars as often as the public convenience may require.

III. Provided, however, that the New-York and Harlem Railroad Company shall, within ten days after the first day of each month, render to the Comptroller of the City a statement, authenticated by their Treasurer, of the gross receipts derived by them from all travel upon the extension of their Railroad below Union-square, hereinbefore authorized, and shall at the same time pay to said Comptroller, for the benefit of the City, ten per cent. of such gross receipts.

IV. Provided, further, that the passenger fare shall not exceed the sum of five cents a passenger.

V. Provided, further, that said track or tracks shall be laid upon a good foundation, with the most approved rail, the pattern whereof shall be submitted to the Mayor for his approval; and the extensions hereby authorized shall be commenced without unnecessary delay, and be completed with all the expedition practicable.

VI. Provided, further, that the following provisions of the act of the Legislature of April 6, 1852, shall be observed by, and the same are hereby enjoined upon, the said the New-York and Harlem Railroad Company, viz.:

SECTION 4. No carriage or vehicle shall be drawn or propelled by any other than horse power through any street of said City south of Fourteenth-street.

SEC. 5. Every carriage or vehicle drawn or propelled on said railroad shall be provided with suitable safeguards projecting in a descending direction near the surface of the rails in front of each forward wheel, in such manner as to insure the greatest possible safety against accident.

SEC. 6. No such carriage or vehicle shall be drawn or propelled at a greater speed than at the rate of five miles an hour, in any street of said City below Fourteenth-street.

VII. Provided, further, that the New-York and Harlem Railroad Company shall, at their own expense, keep in good order and sufficient repair the pavement between the curbs of Broadway from Union-square to Bowling-green; and also of those parts of John, South and Fulton streets, through which the extensions hereinbefore authorized shall be constructed.

VIII. Provided, further, that the New-York and Harlem Railroad Company shall pay to the City of New-York a license fee of twenty-five dollars per annum for each car which they may run upon the extensions hereby authorized.

IX. And provided, further, that the New-York and Harlem Railroad Company shall, within ten days from the passage of this resolution, notify the Mayor in writing of their acceptance thereof.

Which was adopted by the following vote, viz.:

Affirmative—Councilmen Hayes, Keenan, Riley, Sandford, Webster, Gross, Brady, Haviland, Gaw, McGrath, O'Brien, Cook, Brandon, Russell—14.

Negative—Councilman McVay—1.

NEWS OF THE DAY.

THE REBELLION.

Judge BETTS, in the United States District Court yesterday, decided orally to accede to the request of the United States District-Attorney, that the mail of the *Peterhoff* might be delivered to him, to be disposed of according to the instructions of the Government. It is understood that the mail will be delivered to the British Consul.

A dispatch from Memphis to the Cincinnati *Gazette* gives an account of the running of the Vicksburgh batteries by a portion of Admiral PORTER's fleet on Thursday last, which differs from the accounts given by us yesterday, and is evidently less reliable. It says that seven gunboats, one ram and three transports started to run down, while the official dispatch from Washington says nothing about a ram. The *Gazette's* dispatch says that one of the transports returned, which is contrary to the official account, and that all hands on the *Henry Clay*, the transport that was burnt, were believed to be lost, while the official account says they were all saved. The dispatch is probably founded on a rebel version of the affair.

We learn from Memphis of two or three severe skirmishes with the rebels in that vicinity, in which they were defeated and driven across the Coldwater River. Quite a number of them were killed, wounded and captured. At last accounts a skirmish was going on across the river.

Rebel deserters who have arrived at Fortress Monroe report that the rebels are engaged in removing the obstructions from James River at Fort Darling—for what purpose is not known.

Gen. HALLECK arrived at Fortress Monroe on the 21st, and, in company with Gen. DIX, proceeded to Suffolk.

A New-Orleans dispatch dated the 14th, brought by the *George Washington*, states that the ram *Queen of the West* was captured from the enemy in Grand Lake that morning, and that her commander and crew were taken prisoners. Another dispatch brought by the same steamer states that the insurgents evacuated Centreville, La., on the 13th, and attempted to retreat, but were so hemmed in between the two divisions of Gen. WEITZEL and Gen. EMORY, that their capture was deemed very probable.

THE STATE LEGISLATURE.

In the Senate, yesterday, the bill for the education and care of indigent deaf mutes was reported favorably, ordered to a third reading and passed. The bill increasing the compensation of Commissioners of Jurors in Kings County was ordered to a third reading, and subsequently passed. The Assembly amendments to the Militia bill were concurred in. The bill amending the Excise law was lost, and a motion to reconsider was tabled. The New-York Building and Lien act was passed; also, the amended Tax bill; also, the Mott Haven and Fourth-street Ferry bill. The Staten Island Ferry bill was ordered to a third reading. During the afternoon session, Mr. GANSON's concurrent resolutions proposing amendments to the Constitution, allowing soldiers to vote, were tabled. Nothing of importance was done in the evening session.

In the Assembly, the bill establishing a Quarantine and defining the powers of the Health Officer of the port of New-York, was passed; also, the bill establishing a law library in Brooklyn; also, the bill providing additional means for the relief of disabled soldiers. The bill amending the Code was lost. The bill allowing soldiers to vote was passed—65 to 59, and Mr. DEAN's resolution proposing an amendment to the Constitution, so as to grant to soldiers the right of suffrage, was adopted—114 to 1. In the evening, the New-York Tax Levy was passed. The Broadway Railroad bill was reported complete, and on motion of S. C. FIELDS it was read a third time and passed. It contains an amendment repealing that portion of the charter of the Harlem Railroad allowing them to build a railroad through Broadway, with the consent of the Common Council.

FROM EUROPE.

The steamship *Persia* arrived at this port, yesterday, with advices from Europe two days later. She left Liverpool on the 11th, and Queenstown on the 12th inst. The news is interesting. The steamer *Japan, alias* the *Virginia*, which recently escaped from Greenock, in England, had been spoken off the French coast by a vessel, which took from on board her seventeen men, two of whom had been wounded by an explosion in her machinery. The new pirate proceeded to sea on the 9th, having received a large supply of arms and ammunition. The English Government has been catechised in the House of Lords regarding the gunboats being built for the "Emperor of China." The Liverpool Chamber of Commerce had called upon the Government to make the Foreign Enlistment act more stringent. All work had been suspended upon the seized steamer *Alexandra*, by order of the Government, until an investigation of her case could be had. It was asserted that the Messrs. LAIRD, of Birkenhead, had been interrogated by the Government relative to the gunboats said to be building by them for the rebels, and that they gave formal assurances that they were for the Emperor of China. It was also reported that Government officials were making inquiries in Liverpool relative to the *Alabama*. England, France and Austria sent simultaneous dispatches to Russia on the 10th, regarding the Polish question, which are understood to be couched in friendly terms; but which, at the same time, convey a warning. Meantime, we have accounts of the continued spread of the revolutionary movement, and the latest dispatch *via* Queenstown brings the announcement from St. Petersburgh of an Imperial manifesto granting amnesty to all Poles who lay down their arms and return to their allegiance by the 13th of May, with the promise of reforms in the administration of the Government. The Liverpool Cotton market had suffered a slight decline. Breadstuffs and Provisions were tending downward. Consols 92⅜@92¾ for money.

GENERAL NEWS.

By the arrival at this port late last night of the steamship *Eagle*, from Havana on the 18th inst., we have advices from Mexico to the 12th, by a French steamer from Vera Cruz. The news from Puebla is very different from that given by us yesterday, by way of Matamoras. According to the French accounts, COMONFORT, in an attempt to join ORTEGA in Puebla, had been defeated, with considerable loss; and ORTEGA had attempted a sally in the direction of the Capital, but had been driven back. ORTEGA is also said to have offered to capitulate, which offer was refused by the French commander, who insisted upon an unconditional surrender. One curious item of the news is that in answer to the prayer of a deputation of women that he would not bombard the city, FOREY had promised not to do so, he having sufficient appliances to compel the garrison to surrender. In this connection we may mention a significant rumor which prevailed in Havana, that FOREY had suffered a defeat. The Havana news by the *Eagle* is without special interest.

The funeral ceremonies of the late Lieut.-Col. E. A. KIMBALL were solemnized in this City yesterday. The procession left the City Hall, at 3½ o'clock P. M., and proceeded up the Bowery to Bond-street, thence down Broadway to South Ferry. The remains were taken to Greenwood Cemetery to be placed in a vault till the arrival in this City of the Hawkins Zouaves, the regiment to which Col. KIMBALL was attached.

The trial of IGNATZ RADSKY for the murder of SIGISMUND FELLNER, the diamond merchant, was continued in the Kings County Court of Oyer and Terminer yesterday. A number of witnesses were examined on the part of the prosecution. The case for the prosecution will probably be closed this evening. Some sixteen witnesses were examined, but no testimony of a decisive character was elicited.

There was much excitement on the Stock Exchange yesterday on the Railway Shares, Harlem leading off with an advance of 10@12 ℘ cent. Gold was about 1 ℘ cent. higher, closing 147¼ ℘ cent. The Treasury received no less than two millions of Money on deposit at 5 ℘ cent., and $1,200,000 for conversion into the New Loan of 1882.

Flour and Wheat were quiet and depressed yesterday. Corn was more active, but was cheaper. Provisions were heavy and drooping. Less activity was discernible in Groceries, Hay, Oils, Tallow and Whisky—the latter article closing at reduced rates. Spices were in more demand. Extensive auction sales of Coal and Wool took place during the day. Cotton was inactive. Freights were dull and rates easier, with 494 vessels of all classes in port.

A Change for the Better in English Policy.

We are glad to see some indication of decided progress on the part of the British Government toward an honest observance of its neutrality obligations in respect to rebel privateering. A year ago last February, the *Florida* was launched, pierced for six guns and provided with magazines, was manned with a crew of Englishmen with hardly an exception, took on board a cargo of one hundred and seventy-three tons of arms, and notwithstanding the perfect notoriety that she was to engage in privateering business, she was allowed to sail without the slightest hindrance; and all the answer the remonstrances of Mr. ADAMS could elicit from Earl RUSSELL was "a polite expression of regret." Four months afterward the *Alabama* was in like manner launched; her whole manner of construction and peculiar adaptation to war purposes, as well as the notorious fact that the whole direction of her building and outfit, and shipping of the crew, were in the hands of the agents of the rebel Government, showed conclusively that she was intended to prey upon the commerce of the United States; the remonstrances of Mr. ADAMS in this case only led in about a month to a sham attempt to stop her, when it was too late. Now, after an interval of eight months, the little propeller *Alexandra*, with no gunports at all, or any of the visible appurtenances of a man-of-war, presenting simply the appearance of a schooner-rigged steam-yacht, is no sooner launched than she is seized by order from the Foreign Office. No men had been shipped for her, no arms had been taken on board, and not even her engines had been set. So far as we can judge, the evidence against her was not a fiftieth part so palpable as that in either of the other two cases, and yet Earl RUSSELL hurries his officials, post haste, to put the "broad arrow" on her mast.

Now, it is possible that the explanation for this singular difference of action may be found in the fact that the *Alexandra* is so small that she could, at best, do our commerce comparatively little injury. We far prefer, however, to believe that it is the earnest of a new policy upon the part of the British Ministry. The liberal and just views just set forth by Earl RUSSELL, in reply to the claim of the owner of the *Peterhoff*, favor that supposition. Beside, we have the authority of the London *News* for the statement that the Government has issued instructions to the Liverpool officials in *all* cases, where there is the slightest suspicion that ships are being built for other than neutral Powers, to present their case at once to the legal authorities. It is difficult to make this harmonious with the contumelious tone of Lord PALMERSTON in the late debate; but, perhaps, that was simply the last flighty flicker of expiring spite.

If this change in British action shall prove real and permanent, there is cause for great rejoicing. We shall hail it not simply or chiefly because it weakens the resources of the rebels. It will undoubtedly do that, yet it would hardly hasten the downfall of the rebellion a single day. The decisive battle has got to be fought upon the land, alike whether our commerce continues to be preyed upon or not. The great point gained is not that we are relieved of any danger of rebel triumph—there has been no such danger—but that it removes the moral certainty of a war with England. Nobody who understands American character, and the influences which give final shape to our public affairs, has doubted that the continuance by the English Government of its bad faith of last year would inevitably, sooner or later, occasion war between the two countries. This virtual alliance with the rebels in destroying our commerce, it was certain, would either provoke reprisals upon British commerce while yet we were engaged with the rebellion, or would hereafter be the basis of vast claims upon England for indemnification, which nothing short of war would adjust. A thorough carrying out of neutral obligations and faithful adherence to international law, from this time on, will cause the past to be forgotten, and make peace as certain as war would have been under the contrary conduct.

Were there any disposition to seek for motives which may have led to this change of policy, they could be easily found. Lord LYONS himself furnished the key in the closing lines of his memorable dispatch, when he adverted to "the immediate and obvious interest of Great Britain" as "the point chiefly worthy of consideration." It would not be uncharitable to assume, that the action of the late Congress empowering the President to issue letters-of-marque, has had a favorable influence upon Earl RUSSELL's comprehension of neutral obligations. So, too, doubtless, has the growing determination of the American people that the disregard of those obligations shall be atoned for to the full. And so, too, has the increasing resentment of the laboring classes of England that the side with which they sympathize should be so wickedly injured. Moreover, the passage of our Conscription bill, increasing soldiers to any required number, instead of the anticipated depletion of our armies—the triumphant success of our new financial system, instead of the prophesied bankruptcy—the reunited and intensified public sentiment of the North, in place of the internecine strife so confidently expected, and all the accumulating evidences that the National power will certainly overmaster the Confederacy, have, doubtless, had their influence. The English Ministry, at last, there is reason to believe, is really getting to regard the United States as entitled, at least, to be feared. That secured, all is secured.

The Broadway Railroad.

Public sentiment is unanimous and emphatic in approbation of the action of the Common Council on the subject of a railroad in Broadway. Under other circumstances the feeling would probably be different. But whatever may be the wishes of individuals, the public understand perfectly that we are to have a railroad in Broadway. The Legislature will not adjourn until the right to build one has been conferred upon GEORGE LAW and his associates. The large majorities for the measure in both Houses render it certain that the friends of the bill have the power to pass it over the Governor's head—even if he should veto it, which he is not likely to do: and it is well understood at Albany that while they may take a recess, they will not adjourn until the success of this measure is put beyond a doubt.

But for the interposition of the Common Council, therefore, it is certain that we should have a railroad in Broadway, owned by Mr. LAW and his associates, managed in the manner and style of the Eighth-avenue road, which is owned by the same parties, paying nothing to the City Treasury, and treating with utter contempt the public and private interests to be affected by it. The public prefer infinitely that the road, if built at all, should be in other hands. The Harlem Railroad Directors are substantial, respectable and responsible men: and in their hands the road would be managed with due regard to the interests of the public, and the convenience of those who might wish to use it. The bill passed by the Common Council, moreover, secures a very large contribution to the City Treasury from the proceeds of this franchise—quite as large a sum as Mr. A. T. STEWART and his associates propose to pay for the grant, if given to them. *One-tenth*, not of the profits, but of the gross earnings, of the road, are to be paid *monthly* into the treasury of the City. Beside this, each car is to pay a license annually of $25, and the Company is to keep Broadway paved and in repair at its own expense. These are substantial and valuable advantages, from which the tax-payers of the City will derive not less than $200,000 annually in reduction of their burdens.

The supporters of the Broadway Railroad in the Legislature will pass their bill without reference to the action of the Common Council. They rely on the law of 1860, which, they claim, repeals the grant previously made to the Harlem Railroad. That grant is embodied in an amendment made to the original charter of the Road in 1832, the first section of the amendment reading as follows:

> SECTION 1. The President and Directors of the New-York and Harlem Railroad Company *are hereby authorized and empowered*, with the permission of the Mayor, Aldermen, and Commonalty of the City of New-York, *to extend their railroad along the Fourth-avenue to Fourteenth-street in the said City, and through such other streets in the said City as the Mayor, Aldermen and Commonalty of said City may from time to time permit*, subject to such prudential rules as are prescribed by this act, and as the said Mayor, Aldermen and Commonalty in Common Council convened may prescribe.

In 1860 a law was passed, of which the first section reads as follows:

> SECTION 1. It shall not be lawful hereafter to lay, construct, or operate any railroad in, upon, or along any or either of the streets of the City of New-York, wherever such railroad may commence or end, except under the authority and subject to the regulations and restrictions *which the Legislature may hereafter grant and provide*. This section shall not be deemed to affect the operation as far as laid of any railroad now constructed and duly authorized. *Nor shall it be held to impair in any manner, any valid grant for, or relating to any railroad, in said City, existing on the 1st day of January, 1860.*

The grant to the Harlem Railroad, contained in the section quoted above, was certainly "valid," and was also "in existence on the 1st of January, 1860." The only possible pretext for supposing that it is annulled by this law rests upon the assumption that a *conditional* grant is not a grant at all. Whether it is or not, the Courts of law will decide when the case comes before them.

We do not know whether the Mayor has yet signed the ordinance of the Common Council or not. We presume, however, that it has been or will be signed, as it conforms in all its essential features to the principles laid down in his recent Message on the subject. It gives adequate protection to the interests of the City, and contains in the character of the Harlem Railroad Directors ample security for the good management of the road. This is the only way, moreover, in which the City can be saved from the outrageous bill now pending in the Legislature. Under these circumstances, we presume, the Mayor will have no hesitation in signing the bill.

THE PETERHOFF AND THE COURTS.—Our telegram from Washington, yesterday morning, told us that the question of the prize steamer *Peterhoff* had been brought up at a Cabinet meeting, and that it was understood that the result was a determination to leave the matter of the vessel and her mails to be determined by the Court. The report of the proceedings in the case, yesterday, in the District Court, here, told a somewhat different story. The District-Attorney, on behalf of the Government and under instructions from the State Department, and from the President himself, moved the Court for an order directing the mail found on board to be delivered to the British Consul unopened, to be by him forwarded to Matamoras, whither it purported to be destined. The motion was opposed by the counsel for the naval captors, but the Court, after due consideration, held that the District-Attorney had the control of the suit, and could withhold any evidence which he saw fit. Accordingly, the mail was delivered up to the British Consul unopened.

We must say that we are not pleased with the aspect which this matter presents. Of course the Court could do no otherwise when the motion was made by the District-Attorney, and the District-Attorney was bound to make the motion when instructed by the Government at Washington. But why does the Government interfere with the due course of the law? There were, as it seems to us, but two courses which the Government could properly adopt. Either it should have taken the whole affair into its own hands, and treated it as a matter of State, or it should have left the whole affair in the hands of the Court, to be treated as a matter of law. As long as it allowed the Court to pass upon the question of prize or no prize, it should have permitted it to have the entire disposal of the matter, to decide this question of the mail according to the rules of evidence in prize cases. It may be an open question whether the Court would have ordered this mail to be examined. There is no case in point that we know of, nor was any such case cited on the argument of the motion. It will be seen, however, that Judge BETTS intimated his impression that the mail was evidence in the cause. If it was evidence, the action of the Government, in withdrawing it from the consideration of the Court, is still more objectionable.

NEWS FROM WASHINGTON.

OUR SPECIAL WASHINGTON DISPATCHES.

WASHINGTON, Wednesday, April 22.

THE OPERATIONS AT SUFFOLK—THE REBEL PLAN FOILED.

Gen. JOHN J. PECK has fulfilled the highest expectations of his friends. The rebels counted surely on his being overwhelmed. The Petersburgh *Express*, of the 15th, said:

> "Our people are buoyant and hopeful, as they ought to be. We have in that direction as gallant an army as was ever mustered under any sun, and commanded by an officer who has won laurels in every engagement, from the first Manassas to that at Fredericksburgh. Such an army, commanded by such an officer as LONGSTREET, may be defeated, but such an event is scarcely within the range of probability, if we have been correctly informed as to the number of the enemy garrisoning Suffolk during the past six weeks."

LONGSTREET crossed with this great army on five bridges over the Blackwater on the night of the 10th, and opened on all the approaches to Suffolk, excepting one. On the night of the 11th, he drove in our picket lines. From that day until now he has labored to turn our flanks, especially the right flank on the Nansemond River, which for some ten miles is not over a hundred feet wide, and so is favorable for crossing.

JEFF. DAVIS, LEE, LONGSTREET and D. H. HILL prepared the plan of attack on PECK. LONGSTREET was to advance with 38,000 men, cut the river about five or six miles below, cross and unite with HILL, who was to come from North Carolina with 22,000 men through the Dismal Swamp. All communication thus cut off, PECK was to be trapped and the James River opened to Norfolk, where their iron-clads and other craft could have ready access to the ocean. The James, next to the Mississippi, is the most important river in the Confederacy.

The best General New-York has given to the war—PECK, of Syracuse—with fighting and with vigilance, has baffled all this strategy.

THE REBELS REINFORCED.

The rebels on the Rappahannock have been largely reinforced within the last week. New rebel encampments were visible this morning opposite Falmouth.

A SKIRMISH ABOVE KELLEY'S FORD.

On Tuesday, in a skirmish with the rebels above Kelley's Ford, we captured one Lieutenant-Colonel, several Captains and Lieutenants, and about twenty privates.

AN EXPLOSION.

On Monday, while the artillery was being inspected by Gen. HUNT, near Falmouth, a caisson loaded with shells exploded, wounding four men—one dangerously.

ADJT.-GEN. THOMAS.

Senator SUMNER remarked to-day that Adjt.-Gen. THOMAS' speech, at Providence, La., was the great act of the war. All listeners to the Congressional debates during last session, can now understand the implacable hostility of GARRET DAVIS toward this soldier, *sans peur et sans reproche*. He was an Abolitionist, and the Republicans who distrusted him, and who united in the unjust movement for his removal from office, can now appreciate the wrong they would have done the public service and a gallant and loyal soldier, if they had secured the ear of the President, and had accomplished their purpose.

AN EXODUS OF MARTINS.

Gen. HEINTZELMAN to-day sent a reverend MARTIN, the horns of whose altar had been sharpened and poisoned against freedom, with a wagon full of viperous young MARTINS, from Prince George, Maryland, to our lines, there to be let loose inside of rebellious Virginia. Capt. JOHNSON superintended this emigration.

DEATHS OF SOLDIERS APRIL 22.

Edward C. Newton, Co. E, 11th Vermont.
Robert L. Harrison, Co. C, 12th U. S. infantry.
Charles F. Dorkey, Co. E, 14th Massachusetts.
Silas R. Colvin, Co. H, 86th New-York.
J. L. Brewster, Co. C, 9th New-York cavalry.
Geo. W. Breckenridge, Co. G, 124th Pennsylvania.

ON GEN. HUNTER'S STAFF.

The President's private Secretary, JOHN HAY, has accepted an appointment on Gen. HUNTER's Staff.

DISPATCHES TO THE ASSOCIATED PRESS.

WASHINGTON, Wednesday, April 22.

THE REPORT OF THE WAR COMMITTEE.

The report, journal and testimony, of the Committee on the Conduct of the War embrace 756 printed octavo pages, relating to the Army of the Potomac. From this it appears that 57 witnesses were examined, of whom forty were Generals. The proceedings relative to the investigation of the Bull Run and Ball's Bluff battles, covering over 500 pages, show that 77 witnesses were examined, of whom 29 were Generals.

REFUGEES.

Fifteen refugees, all foreigners, were picked up 80 miles down the Potomac and brought to Washington to-day. They had converted their funds into gold and State stock, and appeared very anxious to go further North. They paid $5 in rebel money for one in gold, and $3 50 for $1 in "greenbacks."

CAPT. WORDEN.

Capt. WORDEN has arrived from the Charleston fleet, having been detached from his command owing to ill health.

THE REBEL GUNBOATS BUILDING IN ENGLAND.

Intelligence from England leads to the belief that the departure of privateers from British ports will be arrested by the English Government.

NAVAL.

Commander WM. F. SPICER has been ordered to the command of the steamer *Cambridge*, of the North Atlantic squadron, and Lieut.-Commander BAKER has been ordered for duty to the *Tuscarora*.

MONETARY AFFAIRS.

WEDNESDAY, April 22—P. M.

The Stock Exchange has been greatly excited throughout the day, mainly on Harlem Railroad shares, the rapid rise and successful movement on which has inflamed, anew, the spirit of speculation generally on the Share list. The grant of the City Councils, last night, to the Harlem Company to run a track through Broadway and Whitehall and Fulton streets, is deemed equivalent to a *Broadway Road* in a more legitimate and popular form than the bill which is being pressed, by the main force of jobbery, through the New-York Legislature. This franchise is not only consistent with the original charter of the Harlem Company, but its exercise through Broadway—where, sooner or later, it has been foreseen for several years, a railway, under some sort of grant, must be built—will be productive of a large revenue to the City, and to the extent of 10 ℘ cent. of the gross receipts, a positive relief to the taxpayers. It appeared to be the understanding this afternoon that the Mayor would approve the ordinance. If, after this, the Bill before the Legislature which grants this great franchise without consideration to the City should pass both Houses, the probability is that it will lapse in the hands of the Governor. The Legislature will adjourn before the ten days allowed for his consideration of the measure. He is, therefore, not called upon to send his veto, and it is quite certain that if he consults the popular feeling in this metropolis, he will never sign it in its present most objectionable shape.

The early Street sales of Harlem, before the First Board, were rapidly advanced from 60 to 75½ ℘ cent., the price returning to 70@69 ℘ cent. At the Board the realizations were heavy at 70@68½ ℘ cent. Subsequent sales were at 69@69¾ ℘ cent. At the Second Board 69@67 ℘ cent., and afterward at 67½@68 ℘ cent. The gross sales of the day were scarcely less than 35,000 shares. The average advance on yesterday's sales, about 12 ℘ cent. The extreme advance 19 ℘ cent. The other New-York Road Shares were firmer. The additional rise on Hudson, 5 ℘ cent., with nearly as much excitement inside the Board as on Harlem. Central and Erie were active in the afternoon, and the Western list followed up, under free orders of a speculative character, encouraged undoubtedly by the successful movements in Harlem and Hudson. The Government Securities advanced on yesterday's sales, and the State Railroad Bonds were generally higher. At 4 o'clock, the following rates were made in comparison with Tuesday night. Immense transactions in Harlem at 67@68 ℘ cent., with continued excitement on the Stock at the Public Board:

	Tues.	Wed.		Tues.	Wed.
Gold Coin	146⅜	147¼	Harlem Pref.	85	88

Quicksilver Co.	41½	42	Treasury Certifs.	102	102

The price of Gold Coin was firmer to-day than yesterday, after the early sales of the morning, which opened as low as 145@145¼ ℘ cent. on the Street. At both sessions of the Board there appeared to be a stronger demand than on the Street, reversing the order of last week, when the outsiders were ahead of the Board demand. The extreme advance on yesterday's closing figure was 1⅜ ℘ cent., say 147⅜ ℘ cent. The price was subsequently ⅛@⅜ ℘ cent. lower; the advance not being supported by the market for Exchange, nor by any appearance of export buyers. The *Africa* took out only $34,000 in Gold and Silver.

There is an increased pressure of Money upon the Treasury to-day. The receipts at the office in this City of all kinds are nearly three and a half millions, of which $2,000,000 is on deposit, at 5 ℘ cent., and $1,200,000 for conversions of Currency into the New Loan.

WOOL—The auction sales to-day were very well attended. The bidding, however, was not very spirited at any time, and became less so during the progress of the sales, as the withdrawal or "buying in" of several lots occasioned much dissatisfaction among the genuine purchasers in attendance. This practice, less common in this City than elsewhere, is a positive imposition, and ought to be put an end to in some way. The first catalogue sold consisted of 21 lots of foreign wool, chiefly Buenos Ayres, which was not in very desirable order. The lots were sold, or represented as having been sold, in the following order: 84 bales washed black Donski 39c.; 35 do. Buenos Ayres Merino and Mestizo, not classified, 29c.; 79 do. do. do., 20c.; 31 do. Entre Rios Merino and Mestizo, not classified, 31c.; 33 do. unclassified Buenos Ayres Mestizo, clip of 1862-3, at 17c.; 13 do. do. do. do., 20c.; 22 do. Mestizo, 26c.; 21 do. do. 24c.; 1 do. do. 22c.; 1 do. do., 21c.; 1 do. do., 20c.; 5 double do. do., 24c.; 2 do. do. 29½c.; 24 do. Buenos Ayres Merino and Mestizo, not classified, 22c.; 31 do. do. do., 20c.; 30 do. do. do., 19c.; 9 do. do. do. 18c.; 24 do. do. do. 18½c.; 11 do. do. do. 17c.; 2 do. Mestizo 16½c.; 2 do. Merino and Mestizo not classified 20c.; 12 do. Entre Rios Merino and Coarse not classified, 24½c.; 15 do. Buenos Ayres Merino and Mestizo 19c.; 21 do. Buenos Ayres merino and mestizo 17c.; 156 do. unwashed San Nicholas half at 17c., and half at 16½c; 10 do. Buenos Ayres, at 15½c. The second catalogue was almost exclusively composed of domestic wool, and was a good one in the main. It attracted most attention, and on the whole sold well, as far as sold at all, in view of the prevalent depression in the trade. The lots sold included 40,000 lbs. extra Ohio and Michigan fleeces in lots of 10,000 lbs. each at 74c.@76c.; 30,000 lbs. No. 1 do. do. do., 68c.@70½c.; 25,000 lbs. No. 2 do., do., do., 73c.; 5,000 lbs. No. 3 do., do., do., 71c.; 100 bales Cape wool, 23c.@34½c.; 4,000 lbs. extra fleece wool, 69½c.; 3,500 lbs. extra fleece wool, 68c.; 2,600 lbs. Chilian do., 30c.; 600 lbs. do. do. 33c.; 2,000 lbs. do. do., 71c.; 20 bales Oporto wool, 13c.; 2 bales washed Oregon, 39c., and about 1,284 bales, and about 38,000 lbs. loose unwashed California at 25c.@68c.; with a lot of California locks at 10c. ℘ lb. There were also sold by auction: 5 bales damaged Algerian at 16½c., 28 bales do. at 17½c., and 28 bales damaged African at 24c. cash ℘ lb.

DEAFNESS
NOISES IN THE HEAD,
Diseases of the Eye, Ear & Throat,
CATARRH CURED
BY
DR. VON EISENBERG.

From the Journal of Commerce.

EXCITING NEWS FOR THE DEAF.—An instrument called Dr. Von Eisenberg's Air Passage Expander and Regulator, a gigantic machine, weighing nearly five hundred pounds, about five feet in height, a most wonderful apparatus for restoring sight and hearing, has just arrived for Dr. Von Eisenberg, the celebrated Oculist and Aurist, and will be on exhibition at the Doctor's office, No. 816 Broadway, for a few days previous to its use. The instrument is constructed decidedly on the most scientific principles. To give a detailed description would require a greater space than we can now spare. Our Oculist and Aurist seems to do everything in the line of his profession on a gigantic scale. The new instrument for restoring hearing to the deaf and sight to the blind is so constructed that it cannot fail to open the most obstructed air passages. His new consulting rooms, No. 816 Broadway, are correspondingly magnificent, and his practice as Aurist and Oculist large and eminently successful.

From the New-York Evening Express, Feb. 14, 1863.

SENSATION AMONG THE DEAF.—The unrivaled skill of Dr. Von Eisenberg, the far-famed Oculist and Aurist, of No. 816 Broadway, has made quite a sensation among the Deaf and Blind by his wonderful cures, which attract the Deaf, Blind and those suffering from Chronic Catarrh, from all parts of the Union to his office. The number of his certificates of really wonderful cures swells daily. For the benefit of sufferers, we submit the following, which requires no comment:

NEW-YORK, Feb. 9, 1863.

I have been completely deaf in one ear, and partially so in the other, for above seventeen years, with a disagreeable discharge from both ears, combined with continual rumbling noise in the head, for which I have been treated by a most eminent practitioner in the City without the slightest relief.

I consulted Dr. Von Eisenberg, but I must candidly say that I had no faith in his success when I did so. It is, therefore, due to Dr. Von Eisenberg to acknowledge that I am entirely cured; also, that he displayed that skill and knowledge which have procured for him such an unrivaled reputation. As I have had an opportunity of comparing his mode of treatment with that of others, I can truly state that it is not only superior, but the principles which direct his mode of restoring the hearing are, in my opinion, certain.

JOHN TAYLOR,
No. 13 Livingston-st., Brooklyn.

NEW-YORK, July 19, 1862.

This certifies that my mother has been for some time afflicted with partial deafness, suffering from pain, and rumbling noises in the head, together with other indications of a *total loss of hearing*. Dr. Von Eisenberg removed from her ears a great quantity of matter, together with coagulated blood, relieving her instantaneously, and all without pain. It is with grateful thanks that I give this testimony to his skill.

CARROLL J. POST, No. 28 South-st.

No. 188 MERCER-ST., NEW-YORK.

J. E. VON EISENBERG, M. D.—*Dear Doctor*: I have been afflicted with total deafness, and was induced to pay you a visit. No one can imagine my delight when, after one operation, my hearing was suddenly, and without pain, restored to me, for which I feel very grateful. After being totally deaf—almost shut out from the pleasure of using so necessary a sense—to have it returned, and to hear so distinctly, reflects great credit on you for the immense amount of skill you possess. I beg to thank you for what I can so truly appreciate. I am, Sir, your obedient servant,

EDWARD TEMPLE HARRISON.

NEW-YORK, Nov. 6, 1862.

DR. VON EISENBERG—*Dear Sir*: Before taking leave of you, after your most successful operation on my ear, allow me to express my sincere thanks that, by your scientific surgical performance, I am enabled to hear *distinctly*, and enjoy a pleasure of which I have long been deprived—over a year. May you be rewarded by being enabled to perform many similar, to benefit other sufferers, and to your own emolument.

Allow me to present my kindest regards, and assure you of my grateful remembrance. Respectfully,

A. McDONALD REYNOLDS,
Captain Marines, United States.

CHRONIC CATARRH CURED.
READ

NEW-YORK, March 20, 1863.

"This is to certify, that I have suffered from very severe CHRONIC CATARRH, with a dull heaviness in the head. I felt my nose completely stopped up accompanied by continual soreness of the throat, the chills stealing over me with occasional hot flushes, a great tightness of the chest and pain, so much so, that every one thought it was consumption. Having heard of the great cures performed by Dr. Von Eisenberg, I consulted him with but little hope of a cure. I am now happy to be enabled to add my testimonial to the great number already in the Doctor's possession, as to his scientific and successful mode of treatment, as he has shown in my case that skill and knowledge which have procured for him so great a reputation. I am so entirely restored to perfect health that I do most sincerely recommend all sufferers from CHRONIC CATARRH and SORE THROAT to apply at once to Dr. Von Eisenberg with a certainty of being cured."

Which are the evidences of

LIVER COMPLAINT AND DYSPEPSIA.

It is estimated that seven-tenths of all adult ailments proceed from a diseased and torpid liver. The biliary secretions of the liver overflowing into the stomach poison the entire system and exhibit the above symptoms.

After long research, we are able to present the most remarkable cure for these horrid nightmare diseases the world has ever produced. Within one year, over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The reports that it relies upon mineral substances for its active properties, are wholly false. For the public satisfaction, and that patients may consult their physicians, we append a list of its components.

CALISAYA BARK—Celebrated for over two hundred years in the treatment of Fever and Ague, Dyspepsia, Weakness, &c. It was introduced into Europe by the Countess, wife of the Viceroy of Peru, in 1640, and afterwards sold by the Jesuits *for the enormous price of its own weight in silver*, under the name of *Jesuit's Powders*, and was finally made public by Louis XVI., King of France. Humboldt makes especial reference to its febrifuge qualities during his South American travels.

CASCARILLA BARK—For diarrhea, colic and diseases of the stomach and bowels.

DANDELION—For inflammation of the loins and dropsical affections.

CAMOMILE FLOWERS—For enfeebled digestion.

LAVENDER FLOWERS—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN—For scrofula, rheumatism, &c.

ANISE—An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.

Also, clove-buds, orange, carraway, coriander, snake-root, &c.

S. T.—1860—X.

Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.

IMPORTANT CERTIFICATES.

ROCHESTER, N. Y., Dec. 28, 1861.

Messrs. P. H. DRAKE & Co.: I have been a great sufferer from Dyspepsia for three or four years, and had to abandon my profession. About three months ago I tried the Plantation Bitters, and to my great joy, I am now nearly a well man. I have recommended them in several cases, and, as far as I know, always with signal benefit.

I am respectfully yours, Rev. J. S. CATHORN.

PHILADELPHIA, 10th Month, 17th Day, 1863.

RESPECTED FRIEND: My daughter has been much benefitted by the use of thy Plantation Bitters. Thou wilt send me two bottles more. Thy friend,

ASA CURRIN.

SHERMAN HOUSE, CHICAGO, Ill., Feb. 11, 1863.

MESSRS. P. H. DRAKE & Co.: Please send us another twelve cases of your Plantation Bitters. As a morning appetizer, they appear to have superseded everything else, and are greatly esteemed. Yours, &c.,

GAGE & WAITE.

Arrangements are now completed to supply any demand for this article, which, from lack of Government stamps, has not heretofore been possible.

The public may rest assured that in no case will the perfectly pure standard of the Plantation Bitters be departed from. Every bottle bears the fac simile of our signature on a steel plate engraving, or it cannot be genuine.

Sold by all Druggists, Grocers and Dealers throughout the country.

VANITY FAIR.

The weekly issue of this
GREAT ORIGINAL,
HUMOROUS AND SATIRICAL
ILLUSTRATED PAPER,
will be resumed May 1, and will be for sale at the old price of
SIX CENTS PER COPY.

No advance of price, notwithstanding the still increased cost of materials, and no abatement in size.

VANITY FAIR, believing that it is the duty of the patriot to forego every other consideration for the time being, and to strike at the heart of this rebellion, until it is thoroughly crushed, will lend its humble aid to sustain the Government in this necessary work, and at the same time pay attention to our enemies elsewhere, making the paper in every particular,

THOROUGHLY NATIONAL.

NO. 160, FOR MAY 1, will be ready for delivery on the 24th of April, and orders may be sent to any of the New-York Newsmen, or direct to this office.

BACK NUMBERS AND BOUND VOLUMES OF VANITY FAIR furnished direct, or through agents.

Remember, this is the only

ORIGINAL, HUMOROUS AND SATIRICAL ILLUSTRATED PAPER published in America; every article and every illustration being prepared expressly for it.

Conducted by men who are familiar with the political history of the country, who know what the public wants, it is not to be wondered at that the political illustrations of VANITY FAIR have surpassed all our cotemporaries in design, effect, and sarcastic humor. Our Engravings can be found nowhere else. In every respect they are strictly original, not transfers from *Punch* or other foreign papers, nor reproductions for the tenth time from old blocks, made to do duty under new titles, or, when orignal, engraved by unskillful, cheap workmen, but every one is the creation of a superior artist for the special number in which it appears, engraved by first-class artists, AND IS NEVER USED THE SECOND TIME ON THE PAPER.

The paper will be published every Saturday, and will be for sale everywhere, one week preceding its date, at SIX CENTS per copy, but those who wish to sustain it will do so more thoroughly by subscribing, and remitting us THREE DOLLARS, for which the paper will be sent one year, post paid.

Two copies to one address for..........$5
Five copies to one address for..........11

All mailed free.

POLITICAL CLUBS will be furnished at $4 per hundred, they paying Express charges. Orders and subscriptions in all cases to be accompanied with the money, and legible directions for mailing or express.

Remittances in Government money preferred.

will cause the hair to grow in the most luxuriant manner. It is a sure preventive against baldness; prevents the hair from falling out or from turning premature gray. Will restore gray hair to its original color, by curing the disease of the scalp.

CERTIFICATES.

This is to certify that, about eighteen months ago, I commenced using STERLING'S AMBROSIA. My hair was short, thin, and rapidly falling out. I had tried many Hair Tonics, Invigorators, &c., without receiving any benefit. Soon after using the Ambrosia, my hair ceased falling out, and commenced growing so rapidly as to astonish me. Now, my hair is thick, soft and glossy, and is five feet four inches in length—when let down, reaching to the floor. This wonderful result I attribute solely to the use of STERLING'S AMBROSIA, as since I commenced using it I have applied nothing else to my hair.

Phenomena of Death.	The Day of Judgment.
Sin and Punishment.	The Future State, &c.

One vol. 12mo, cloth, handsomely printed, with an emblematic frontispiece. Price, $1 50.

It is difficult to give any adequate idea of the varied and curious topics of which this eminently interesting volume treats. It is a valuable array of the best thoughts, impressions and beliefs of the most distinguished minds on the phenomena of Life, Death, and Futurity; it is such a common-place-book as some thoughtful divine might have compiled, and in its thousand and one references to the works and opinions of our best and greatest writers is not inferior, as an interesting literary curiosity, to the famous "Anatomy of Melancholy." It is indeed astonishing what a mass of curious facts, anecdotes, personal traits of character, and notable opinions, are brought together in its pages; and with what peculiar and fascinating interest the editor has invested his themes.

AGENCY OF THE
NATIONAL (FIVE-TWENTY YEAR) LOAN.

OFFICE OF LIVERMORE, CLEWS & CO.,
No. 34 Wall-st., New-York.

We take this means of answering the numerous inquiries made of us respecting the United States Five-Twenty Loan, for which we act as agents.

Said Bonds bear six per cent. interest, payable semi-annually, in gold, on the first of May and the first of November.

Have twenty years to run, but being redeemable at the pleasure of the Government after five years, are designated Five-Twenties.

Are issued both in Coupon and Registered Bonds; the former in denominations of 50's, 100's, 500's, 1,000's; the latter in 50's, 100's, 500's, 1,000's, 5,000's and 10,000's.

The Coupon Bonds have coupons attached for twenty years, and are payable transferable to bearer.

The Registered are issued in the name of the purchaser, (whose name and residence are recorded on the books of the Treasury Department at Washington,) and are only transferable by signature, or power of Attorney, before an authorized Government official. The interest is collected in the same manner at the Sub-Treasury nearest the owner's residence.

Both principal and interest are payable in gold, as provided by act of Congress.

Are, (in common with all Government Bonds,) free from taxation by city, town, county or State; and the income derived therefrom is subject only to one-half of the United States tax levied upon incomes derived from other sources.

The privilege of conversion at par will cease on the 1st of July, 1863.

These Bonds are supplied by us at par and accrued interest in currency—interest commencing to the purchaser upon deposit of the money. Hence, the first coupon falling due, being stamped with the date of the issue of the Bond, will be fractional, instead of three per cent., like the succeeding ones.

Orders, by mail or otherwise, accompanied by draft on New-York, or current funds, will be promptly responded to. LIVERMORE, CLEWS & CO., Bankers.

CAUTION TO LADIES.

Madame RESTELL, Female Physician, No. 162 Chambers-street, deems it her duty to caution ladies against impostors, who appropriate her advertisements, word for word, merely substituting some ignorant and wholly irresponsible person as "Madame."

These persons have spurious "Female Monthly Pills" and other poisonous compounds to deprive the unwary or the easily duped, as well of their means as of their health.

That ladies may avoid these impositions, Madame Restell feels called upon to give this caution.

PRIVATE DISEASES CURED IN THE shortest possible time, by DR. WARD & CO., No. 12 Laight-st., near Canal, without the use of Mercury, loss of time or change of diet. DR. HUNTER'S RED DROP RESTORES the vigor of youth in four days. Restores manhood to the most shattered system. No. 3 Division-st., New-York, the only place. Beware of bogus Dr. Hunters. Eight separate rooms and a private entrance.

PRIVATE CONSULTATION.—DR. HUNTER has, for thirty years, confined his attention to diseases of a certain class, in which he has treated no less than fifty thousand cases, without an instance of failure. His great remedy, HUNTER'S RED DROP, cures certain diseases, when regular treatment and all other remedies fail; cures without dieting or restriction in the habits of the patient; cures without the disgusting and sickening effects of all other remedies; cures in new cases in less than six hours; cures without the dreadful consequent effects of mercury, but possesses the peculiarly valuable property of annihilating the rank and poisonous taint that the blood is sure to absorb, unless his remedy is used. That is what he claims for it, and what no other will accomplish. Its value in this respect has become so well known, that scientific men in every department of medical knowledge begin to appreciate it, for hardly a week passes that he is not consulted by druggists, chemists and physicians, in regard to some pitiful patient who has exhausted the whole field of the faculty, and still the disease will appear. Its popularity is so great, that there is not a quack doctor in the City that has not attacked it; and when they find their lies are not so easily swallowed, they then pretend that they can make it. It is $1 a vial, and cannot be obtained genuine anywhere but at the old office, No. 3 Division-st. Book for 15 three-cent stamps, 300 pages, 100 colored illustrations. The best work out.

KNOWN AS
"HELMBOLD'S"
GENUINE PREPARATIONS, viz.:
HELMBOLD'S EXTRACT "BUCHU."
HELMBOLD'S EXTRACT SARSAPARILLA.
HELMBOLD'S IMPROVED ROSE WASH.

HELMBOLD'S GENUINE PREPARATION,
"HIGHLY CONCENTRATED"
COMPOUND
FLUID EXTRACT BUCHU.

A positive and specific Remedy for Diseases of the BLADDER, KIDNEYS, GRAVEL and DROPSICAL SWELLINGS.

This medicine increases the power of digestion and excites the absorbents into healthy action, by which the *water* or *calcareous* depositions, and all unnatural enlargements, are reduced, as well as pain and inflammation, and is good for *Men, Women or Children.*

HELMBOLD'S EXTRACT BUCHU,

for Weaknesses arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuse, attended with the

FOLLOWING SYMPTOMS:

Indisposition to Exertion,
Loss of Memory,
Weak Nerves,
Horror of Disease,
Dimness of Vision,
Universal Lassitude of the Muscular System,
Hot Hands,
Dryness of the Skin.
Loss of Power,
Difficulty in Breathing,
Trembling,
Wakefulness,
Pain in the Back,
Flushing of the Body,
Eruptions on the Face,
Pallid Countenance,

These symptoms, if allowed to go on, which this medicine invariably removes, soon follow

IMPOTENCY, FATUITY, EPILEPTIC FITS,

in one of which the patient may expire. Who can say they are not frequently followed by those "direful diseases,"

INSANITY AND CONSUMPTION!

Many are aware of the cause of their suffering, but none will confess. The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of the assertion.

THE CONSTITUTION ONCE AFFECTED BY ORGANIC WEAKNESS,

requires the aid of medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. A trial will convince the most skeptical.

FEMALES! FEMALES! FEMALES!

OLD OR YOUNG, SINGLE, MARRIED, OR CONTEMPLATING MARRIAGE.

In many affections peculiar to Females, the Extract Buchu is unequaled by any other remedy, as in Chlorosis or Retention, Irregularities, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Scirrhous state of the Uterus, Leucorrhea or Whites, Sterility, and for all complaints incident to the sex, whether arising from indiscretion, Habits of Dissipation, or in the

DECLINE OR CHANGE OF LIFE.

SEE SYMPTOMS ABOVE.

NO FAMILY SHOULD BE WITHOUT IT.

Take no Balsam, Mercury or Unpleasant Medicine, for Unpleasant and Dangerous Diseases.

HELMBOLD'S EXTRACT BUCHU

CURES SECRET DISEASES

in all their stages, at little Expense; little or no change in Diet; no inconvenience, AND NO EXPOSURE.

It causes frequent desire and gives strength to Urinate, thereby removing obstructions, preventing and curing strictures of the urethra, allaying pain and inflammation, so frequent in this class of diseases, and expelling POISONOUS, DISEASED AND WORN-OUT MATTER.

Thousands upon thousands who have been the

VICTIMS OF QUACKS,

and who have paid HEAVY FEES to be cured in a short time, have found they were deceived, and that the "Poison" has, by the use of "Powerful Astringents," been dried up in the system, to break out in an aggravated form, and

PERHAPS AFTER MARRIAGE.
